

**BRIAN://
MIRANDA**

<web developer>

Hi there! My name is Brian, and I'm a web designer based in Mexico City. Need a website? I'm your guy! I'm also well-versed in UX design and front-end development; and I have some background on motion graphics and animation.

EDUCATION

Licenciatura en Diseño Gráfico

Universidad Tecnológica de México
2009 - 2014 (5 year sentence!)

Seminario en Diseño Multimedia

Universidad Tecnológica de México
2015 - 2016

Build Websites from Scratch

codecademy.com
July 5 - August 28, 2018

EXPERIENCE

Magicorp México

This was my first job. I worked in old film restoration.
Yes, yes, I know. It was pretty damn cool.
I worked here from 2012 to 2014

Muv Lab

This was more of a paid internship. My official position was Animator.
Here I learned the basics of 2D digital animation.
I worked here from 2014 to 2015

Manatí Media

Here I was a motion graphic designer, and occasional graphic designer every now and then.
I worked here from 2015 to 2018

SKILLS

Computer stuff

Intermediate HTML and CSS knowledge.
Basic JavaScript knowledge.
Sketch, Figma and InVision.
Adobe stuff (AI, PS and AE mainly).

Non-computer stuff

Detail oriented.
Organized.
So punctual it hurts. **It hurts.**
English-speaker, obviously.
I speak spanish too.
